

PARIS COTTON MARKET.

Receipts Friday, 364 bales.
Middling, 24c.
Strict middling, 25c.
Cottonseed \$30 per ton.

BROUGHT BY THE WIRES FROM ALL PARTS OF WORLD

By The Associated Press.
East Texas: Saturday fair, warmer; Sunday, partly cloudy.
West Texas: Saturday, generally fair; warmer, except in southwest portion; Sunday probably fair.
Oklahoma: Saturday, generally fair; warmer; Sunday probably fair.

By The Associated Press.
COLUMBIA, Mo., Oct. 1.—The St. Louis, Brownsville and Mexico railroad shops at Kingsville burned to-night. Loss about one million dollars.

By The Associated Press.
MOBILE, Oct. 1.—The thermometer smashed another record here for this season of the year when it dropped to 45 degrees, 3 degrees below the reading of yesterday.

By The Associated Press.
DALLAS, Oct. 1.—Johnny Celmar, of Toledo, Ohio, shaded George hip, of New Castle, Pa., former middleweight champion in ten rounds here to-night, according to newspapermen at the ringside.

By The Associated Press.
TENNESSEE, Oct. 1.—While a large audience watched a melodrama in a tent theatre on a down town vacant lot here to-night, a lone bandit held up the box office and got away with the night's receipts, totalling over \$300.

By The Associated Press.
MEMPHIS, Oct. 1.—Fire early today destroyed a garage at the plant of the York Lumber company in South Memphis and damaged an adjoining building occupied by Masterbuilt Holt Construction company. The property loss was estimated at \$50,000.

By The Associated Press.
LONDON, Oct. 1.—A bulletin issued by the Irish Self-Determination League at 8 o'clock to-night said that Lord Mayow MacSwiney was much weaker and in considerable pain. His wife, who had not visited him for two days because of her indisposition, found him much weaker, the bulletin added.

By The Associated Press.
CINCINNATI, Oct. 1.—Congressman Nicholas Longworth, of Cincinnati, announced to-night that he is investigating what scope congressional power may have in protecting baseball games. He said that he favors baseball anti-gambling legislation and that he hopes to find ways and means for congress to take speedy action.

By The Associated Press.
MEMPHIS, Oct. 1.—Joseph Hiller, alleged I. W. W. organizer, who was taken into custody by the police here a few days ago, following information, the police allege, that he had letters giving details of the recent Wall street bomb explosion, was released to-night. Insufficient evidence was developed, the police said, to connect him with the explosion.

By The Associated Press.
SAN ANTONIO, Oct. 1.—President H. J. Benson of the local Texas League baseball club will try and have legislation passed at the next convention of the minor leagues which would bar from parks of all organized baseball clubs for all time every player found guilty of crooked playing in the 1919 world series and all other players found guilty of throwing games.

By The Associated Press.
SAN ANTONIO, Oct. 1.—Dr. G. L. Roberts, aged 50, at one time a member of the famous "Quintet" band which operated during and after the civil war, harrasing the union army in Kansas, Missouri and Arkansas, died here today. Twice Dr. Roberts was captured, tried by military courts and in both instances sentenced to be hanged, but mysteriously escaped after each trial.

By The Associated Press.
HOT SPRING, Ark., Oct. 1.—The first case tried under the 48 indictments recently returned by the grand jury here, charging violation of the Brundage primary election law in the assessing and paying of poll tax for others, was Sam J. Davis, the defendant, was fined \$200 and sentenced to 30 days in jail. Davis' attorneys announced they would appeal to the supreme court.

SUGGESTS THAT TEMPORARY BRIDGES BE PROVIDED

A party who drove to Paris from below Deport yesterday evening stated that the Deport and Paris road was very rough in places and hard to travel at present on account of the old road being cut in two by the highway construction in progress, especially where it crosses bridges. He said that there were a number of deep cuts known to road builders as bar pits that the traveler has to drive into and pull out of that will be very difficult to travel in wet weather.

He suggested that the commission court ought to put temporary bridges over them.

Condition Unimproved.
Miss Laura Ruppert received a letter from Terrell yesterday stating that the condition of her mother was unimproved, and that she was very ill.

Cotton Opening Slowly.
J. H. Johnston, who returned Thursday night from his farm at Davenport, stated that cotton was opening slowly and that not much progress had yet been made in picking.

LEGISLATURE HAS PASSED NOTHING OF CONSEQUENCE

Election Bill Agreed Upon In Conference Extends Poll Tax Pay Time To Oct. 22.

SPEAKER LOOKING FOR ADJOURNMENT TONIGHT

House Engrosses Bills Divorcing The Cotton Seed Mills And Gins And Has One Pending.

By The Associated Press.
AUSTIN, Oct. 1.—The two major measures before the special session of the Texas legislature were sent to free conference committee late today and agreement in conference had been reached by the committee considering the election bill. The speaker of the house said that sine die adjournment will very likely come tomorrow night.

The election bill agreed upon by the committee strikes out emergency features of both the house and senate bills and proposes that the present election laws be amended so as to extend the time for payment of poll taxes, for men and women alike, to October 22.

Engross Gin-Mill Divorce.
The house passed to engrossment, by vote of 65 to 20, the house bill proposing divorce of cotton gins and cotton seed oil mills.

The senate adjourned until tomorrow, when the house held a night session in an effort to clear some of the measures which had been held back by consideration of the suffrage and port bill. The senate failed to take up the Davis-Miller bill proposing the creation of a commission to investigate industrial disputes.

The conference committee, considering the house and senate bills proposing more stringent laws for dealing with labor disputes announced tonight that their decision would not be made public until morning.

Employment Agents Bill.
At the night session the house passed finally a house bill proposing that employment agents be required to pay a license of \$500 per year and make a bond of \$5,000 under which workmen, who have been damaged by false promises of the agencies, may recover by civil process. The house declined to suspend the constitutional rules and pass the bill proposing that county and state executive committees be composed of an equal number of men and women.

BRADSTREETS REVIEW OF THE WEEKLY COMMERCE

By The Associated Press.
NEW YORK, Oct. 1.—Bradstreet's tomorrow will say:

A more hesitant note is sounded in the trade reports this week and buying has slackened as the result of past and present marking down of prices in many lines of wholesale trade. In many reports the recent cuts in cotton goods and automobiles are stressed as being the impelling causes of the quieting down of the trade buying and the lessened activity in industry but in a few reports, warm or unsettled weather, the nearer approach of the election and heavily declining prices for farm products are all mentioned as contributing to the slower pace.

It seems without question that the check first given to buying by consumers last spring, plus the closer scrutiny of credits and lessened accommodations to borrowers desiring to carry large stocks, have had a cumulative effect which has been accentuated by recent seasonal changes not bringing anticipated reawakening of demand.

Weekly bank clearings \$7,968,234,000.

TWO NATIONAL CLUBS TO PLAY THREE GAMES

By The Associated Press.
PITTSBURGH, Oct. 1.—The Pittsburgh and Cincinnati National League baseball clubs will play three games here tomorrow, according to an announcement by officials of the home club tonight. The first game will begin at noon, and fans will be permitted to witness the three games for an admission price.

This is the first time since a National League club operated in Pittsburgh that three games have been played in one day. Officials of the home team said that, as the Pirates had a chance of finishing the season in third place, it was decided to stage the three games tomorrow in order that all scheduled games with Cincinnati would be played.

GUATEMALA HAS SCOURGE OF YELLOW FEVER RAGING

By The Associated Press.
NEW ORLEANS, Oct. 1.—Steamship companies here were notified today that passengers or crews of vessels touching at Puerto Barrios, Guatemala, would not be permitted to go ashore because of yellow fever in the interior country. Passengers will be accepted only from Guatemala City and upon presentation of health certificates issued at the capital.

Appointed Commissioner

Summer Lansdale, who was clerk and stenographer in the United States attorney's office at Paris before headquarters were moved to Sherman, has been appointed United States Commissioner at Sherman to fill vacancy. He is an ex-newspaper man and has a lot of friends.

NARY A THIN DIME FOR CAMPAIGN FUND

List Of Contributing Democrats In Lamar County Appears To Be Complete.

It would appear that The Morning News has printed the full roster of the contributing democrats of Lamar county—the entire list; about thirty in Paris and about fifty in Roxton. That constitutes the whole of the bunch—just about eighty good staunch democrats willing to help out on putting over the democratic National ticket.

At least they apparently got scared when they saw that it would require about \$600 a dime to redeem that pledge of \$2000 for Lamar county and nary one of them ventured to send in even one dollar yesterday.

All these boys who won large gobs on the county primary—to hear them tell it—are missing in the roll call when they are asked to pay a small percentage on the big winning in order to help out Jimmy Cox.

It surely is a dismal tale to unfold to that trusting committee, which must proceed with the advertising and the speakers and these many and other divers expenses of the campaign and nothing coming in—at least nothing from Lamar county.

Dr. Marshall will get no check today, and he will therefore send nothing to Dallas today; and maybe there won't be anything received in Dallas today from any county in the State—but it is sincerely hoped there will be.

This is the time for the faithful to respond and to do it in gobs.

FEDERAL RESERVE BOARD NO CONTROL OVER LOANS

By The Associated Press.
WASHINGTON, Oct. 1.—The question of loans is entirely discretionary with the federal reserve banks and with banks which are members of the reserve system as to the class of commercial paper they choose to accept. Governor Harding of the federal board said today in denying that the board had ordered curtailment of loans to cotton producers and dealers.

Restating the "position" of the board, the governor declared it had never been its policy to attempt classification of loans along the armistice and that it was without authority to deny credits to any applicant for loans.

Governor Harding recalled his recent reply to the appeals of cotton producers for financial aid, that the board believed it vital to extend credit to all agricultural enterprises, including cotton. This, he said, should be qualified only to the extent that the board opposed the use of borrowed money to hold stocks of any commodity for creation of artificially higher prices. He added, however, that it remained for the loaning bank to determine where curtailment should be enforced, even in this respect.

Up From An Accident.

John Albright, who has been laid up for several days as the result of an accident, is now able to be out. While he was engaged at some carpenter work another man was employed on the job let a chisel slip from his hand. It fell about twenty-five feet and the sharp point buried in Mr. Albright's scalp, causing him to bleed nearly to death.

GIDEON SERVICES IN MANY CHURCHES

Sunday Will Be Marked By The Traveling Men Who Distribute Bibles.

J. C. Bennett of Chicago, field secretary for the Gideons, the National organization of commercial travelers, is in Paris to inaugurate a campaign for membership. Lewis H. Griffin, the State president for Kansas, and assistant field secretary, will join Mr. Bennett and J. D. Gee, the local Gideon tomorrow; and there will be a number of Gideons from Sherman to arrive Sunday morning.

This is a campaign for active and associate members, who have a part in the Bible work.

Gideons are not trying to finance their organization, states Mr. Bennett, as they never ask help to keep up their expense.

The Gideons will present their cause at West Paris Baptist church, Church of Christ, First Christian Methodist church, South, First Methodist Protestant, First Presbyterian at the morning services; and there will be a union Gideon meeting on the West side at the Bonham Street Methodist church at 7:30.

Success Big Crop

CORPUS CHRISTI, Texas, Sept. 25.—Cotton in the black land belt of Nueces county this year has averaged a bale and a quarter to the acre, according to Floyd London, a farmer who states that his farm is typical of most of the others in the belt. Mr. London said that he got a half to three-quarters of a bale of cotton on the first picking and better than a half a bale to the acre on the second picking.

POWER AND LIGHT MEN IN CONFERENCE

Managers And Commercial Men Get Together To Talk About How Improve Service.

Managers of the Texas Power and Light company and their commercial men and chief clerks met yesterday at 4:30 in the ballroom of the Gibraltar Hotel to discuss the improvement and betterment of the service.

The meeting was the third to be held on the big distribution system served by the lines of the company, the central and southern parts of the state having held their meetings a day or two before.

The cities represented were what is known as the northern division of the company, comprising the Paris, Wichita Falls, Gainesville, Bonham, Sherman, Denison, Commerce, and McKinney districts.

The meeting was attended by J. W. Carpenter of Dallas, vice president and general manager of the Texas Power and Light company; Hartwell Jahonick, commercial manager, G. D. Marmon, appliance sales manager, C. J. Rutland and Sam Bratton, all of Dallas; District Managers W. N. Munroe of Paris, H. A. Price, Gainesville; W. T. Smith, Bonham; J. H. Apperson, McKinney; J. L. Dwinning, Sherman; W. T. Greer, Denison; C. A. Pruden, Commerce; A. M. Wilkerson, Temple; K. E. Mason, Terrell; Messrs. C. E. Murphy and R. J. Pratt of Denison; R. E. Smith and Ray Kelly of Sherman; T. S. Murphy and A. A. Davis of McKinney; J. B. McNatt of Commerce; W. B. Richardson and Leon Horn of Wichita Falls. Mr. Johnston of Bonham, F. D. Wilkins of Dallas, Miss Johnson of Gainesville and Miss Marie Morgan and Messrs. Safford Chaney, T. H. Akers and J. W. Neville of the Paris office.

ROTARY CLUB HEARS GOOD TALK ON ITS PRINCIPLES

The Rotary Club was entertained and instructed yesterday by a talk made by President W. B. Connor on the privileges and duties of Rotary. It was a well studied and forcefully presented address of about ten minutes which was given close attention and was approved with genuine applause.

Rotarian Connor, who is a public professional in laying the foundation of his address, the "rotary" principle, "gain and loss," "reserve," etc., being called into play to denigrate the Rotarian spirit and accomplishment otherwise represented by money. He showed his hearers that any gain or profit made at the expense of a broken faith or the tears of the oppressed was worse than nothing and that Rotarians must truly live up to that Golden Rule which was promulgated centuries ago and which is just as true today.

Reports from the members of replies received to their letters to members of other clubs in the State, urging that Paris be chosen for the conference of the district next spring, showed that there are many men in Texas wishing to come to Paris and that they will probably vote to do so when the time arrives.

DUBLIN EXCITED OVER SINN FEIN DISCLOSURES

By The Associated Press.
DUBLIN, Oct. 1.—Sensational charges that the government itself was responsible for reprisals in Ireland and that a certain number of Sinn Feiners were marked for assassination, were made today by Arthur Griffith, founder of the Sinn Fein organization, who had been first on the list of intended victims.

Mr. Griffith, to support his statements, exhibited to the group of American, English and continental newspapermen, to whom he made a long statement preferring the charges, alleged official documents secured by Sinn Fein agents. Among these papers was an official permit alleged to have been signed General Sir Nevill Macleod, military commander of Ireland. It was made out to a man named Hardy who had a life long career of forgery and imprisonment, and who is alleged to have been released prematurely from prison on a ticket of leave signed by Ian Macpherson, chief secretary for Ireland, permitting him to move about in Ireland, unharmed by police surveillance, in the role, as Mr. Griffith asserted, of governmental spy.

Although accustomed to almost daily sensations, Dublin was greatly excited over the revelations of Mr. Griffith, which were published in one of the afternoon papers.

HARDBOILED SMITH OUT BECAUSE TIME EXPIRED

By The Associated Press.
WASHINGTON, Sept. 30.—Lieutenant Frank H. (Hardboiled) Smith, whose release from imprisonment following conviction by army court martial of brutal treatment of American soldiers in France, has just become known, objected to any clemency being extended him, Secretary of War Baker said today, commenting on the case.

A war department statement today explained Smith was at liberty because the sentence given him by court martial had expired.

His Condition Improved.

W. R. Wood has been quite sick the past few days at his home on South 26th street. He was taken sick at the American National bank Wednesday afternoon and had to be carried home. His friends will be glad to know that his condition is not serious and that he expects to be out in a short while.

Teachers' Examination.

A regular monthly examination of applicants for teachers' certificates was held at the courthouse yesterday and will be continued today. Eleven whites and five colored applicants were present. There was not a man among them.

Meeting This Afternoon In District Court Room

This afternoon at 2 o'clock a meeting will be held in the district court room to consider the matter of adopting the American Cotton association plan for marketing the cotton crop.

This will be preliminary to holding mass meetings throughout the county for the purpose of arranging:

1. For sane and intelligent marketing of this crop of cotton.
2. For reduction of next year's average fully one-third.
3. For the erection of sufficient bonded warehouses to protect the crops from country damage.

1. To encourage the gathering of extreme low grades and bollies.

This is the time for immediate action by every one who stands for the best interests of our county.

This crop will prove to be no larger than that of last year and there will be a demand for every bale produced.

The market continues to decline account of Bear raids upon the market, but they cannot deliver, nor can spinners use paper contracts.

The whip handle is in the hands of the farmers and business interests of the State and South, if they will only stand solidly behind cotton for a price, it will be obtained.

Why permit this crop to be taken at prices below the cost of production, when unity of action and singleness of purpose throughout the State and South behind this program, will add millions of dollars to present prices, for this crop and bring permanently a system of self protection?

The plan proposed for financing by The American Cotton Association.

Let each farmer carry every bale possible, the local merchant extending his credits and bankers accepting bonded warehouse receipts as security for rediscount, as far as possible.

The Federal Reserve bank of this district has never refused to rediscount an eligible note for a Member bank on such security, when offered in the light of the necessity of the offering bank to rediscount, and our resources for the handling and marketing of this crop are sufficient on the above basis.

Hundreds of thousands of bales have been sold for future delivery, at prices much greater than are now being obtained in the market and the cotton to fill these contracts must come from the cotton fields of Texas and the South and should only be released at prices that are fair to the producer, thereby bringing prosperity not only to the farmer, but to our every business industry.

The opinion that the cotton market has about reached the low point, and through slow and sane marketing and holding of the market for another 30 days, the present cotton prices can be materially added, was expressed by E. F. Shropshire, secretary of the Texas division of the American Cotton Association, Thursday.

Reports of the membership campaign have been coming in with encouraging progress. Mr. Shropshire said, and workers in all parts of the State say they have observed that the holding movement is general and the reduction of next year's average is unanimously favored. Practically all farmers are also against gathering extremely low grade cotton and "bollies."

Many prominent business men and bankers are carrying on the campaign over the State, in addition to the fifteen regular field workers. Judge S. A. Lindsey, director of the Federal Land Bank at Houston, will begin a fifteen day tour through East Texas on Oct. 2, beginning at Jacksonville and taking in all the principal towns.

Congressman James Young will speak at Waxahatchie next Saturday and D. E. Lyday, vice president and general manager of the Texas division of the American Cotton Association, will speak at Rockdale, Cameron, and San Gabriel, in Milam county. Other addresses will be made by R. L. Burnett at Post by Ed L. Sauter at Marlin, E. F. Shropshire at Commerce Friday and at Paris Saturday. Henry E. Webb at Vernon and J. E. Pearson at Austin.

There are all county-wide meetings. An idea of the interest with which the campaign is meeting over the State may be obtained from the number of requests coming in for speakers, which cannot be met. Mr. Shropshire said the Texas division of the American Cotton Association is co-operating with State divisions in all Southern States in an effort to get farmers to hold their cotton this year for better prices, and to reduce the average next year.

MERCHANTS TOLD TO CLOSE MILL COTTON IS 40 CENTS

By The Associated Press.
CULLMAN, Ala., Oct. 1.—Notice was given to the Merchants of Garden City and Panville today that they must close their doors until cotton goes to 40 cents. The notice posted on each door with a match sticking in the sign, is believed to be the result of united efforts on the part of the farmers of the vicinity to prevent the cotton from being thrown on the market at bearish prices. Some of the merchants closed promptly, others keeping their stores open during the afternoon.

PRICES REPORTED EASY

By The Associated Press.
BOSTON, Oct. 1.—The Commercial Bulletin tomorrow will say:

"Business has been druggish this week, all eyes being turned towards the opening Australian sale. In this market attention has been directed towards the attempt to secure a presidential imposition of a wool import embargo, although this seems hardly likely to occur. Prices have been rather on the easy side, unless something very choice in staple and fine in quality. The goods market is hardly changed, consumption still being light."

Will Preach at Blossom.

Rev. W. A. Bryan, a former pastor of the Baptist church at Meridian, will occupy the pulpit of the Baptist church at Blossom tomorrow, both at the morning and the evening service.

Slight Attack of Rheumatism

C. C. Dunn, chief clerk in the office of the superintendent of the Gulf Pipe Line Company was on the disabled list yesterday on account of an attack of rheumatism, but in the evening he was able to be out.

START MOVEMENT FOR CLEANING UP NATIONAL SPORT

Four Major Club Representatives Join In Plan To Put Game In Disinterested Hands.

PROMINENT MEN WHO MAY BE ASKED TO DO THE WORK

Plan Worked Out By Lasker Of The Chicago National Club Is Basis of Proposition.

By The Associated Press.
CHICAGO, Oct. 1.—Representatives of four major league baseball clubs tonight started a movement designed to "clean up baseball forever" by taking control of the game out of the hands of men financially interested and placing it under a "civilian tribunal" to be composed of men "of unquestioned public standing."

A letter was sent to every major league club and dozens of others interested, asking approval of the plan which was characterized as a means of "giving professional baseball to the American people—where it belongs—and taking ownership of it away from club owners and players."

The letter was signed by William Veeck, president of the Chicago National League club, Charles A. Gansky, president of the Chicago American League club, Barney Dreyfuss, president of the Pittsburgh club, and John McGraw, vice president and manager of the New York National League club.

Men Of Prominence

It proposes that there should be a tribunal whose members would receive higher salaries than anyone now connected with baseball. General Pershing, Maj. Gen. Leonard Wood, former president Taft, Senator Hiram Johnson, Judge Kennesaw M. Landis, and Wm. Gibbs McAdoo are some of the men proposed for the tribunal, but the letter adds that none has yet been approached on the subject.

The tribunal would be in absolute charge of all organized baseball leagues, of the players, the managers, and owners, and league presidents, and its decisions would be beyond appeal or dispute.

The plan was worked out by A. D. Lasker, of the Chicago National League club, and received full approval of President John Heydler, of the National League, the letter says: "Could Not Be Important."

"National commission, baseball's supreme body, consists today of presidents of the National and American Leagues," the letter continues. "Regardless of the desire of these men to be impartial, they could not be, at least subconsciously, unmindful of the special interests of the individual league they represented. It was felt, therefore, that the third member of the commission should not be connected with the game. The shock just received by the baseball world, the black-listing of three major league players and the industries and suspension of some of the greatest stars on a world championship team, has caused the owners to look within themselves as, understandably, they might not look under ordinary circumstances."

"As a basis for proposed action the signers of this letter have agreed to a preliminary plan and agree to put it into operation."

VETERANS SHOULD TAKE BLANKETS TO HOUSTON

Houston, Oct. 1.—In final instructions issued today to delegates to the reunion of Confederate Veterans here October 5 to 8, veterans were reminded by General N. B. Forrest, of the Sons of Confederate Veterans, general secretary of the reunion committee, to bring their own blankets.

The veterans, 10,000 of whom are expected, will be billeted in school houses and public buildings. Two thousand free lodgings in private homes also have been pledged for the more aged and feeble of the old soldiers.

Officers of the Albert Sidney Johnston camp of the Sons of Veterans today announced that the membership of the camp had exceeded the 1,000 mark and that before the reunion opens Tuesday an effort will be made to exceed the record held by a Macon, Georgia, camp just prior to the reunion there several years ago, when the membership reached 1,500. More than a score of new camps of Sons of Veterans have been organized in Texas to welcome the 75,000 visitors expected to attend the reunion.

BOTH CANDIDATES STAND FOR PRO ENFORCEMENT

By The Associated Press.
NEW YORK, Oct. 1.—Senator Harding and Governor Cox have pledged themselves, if elected, to enforce the 18th amendment to the constitution. That statement was made today by Daniel A. Poling, president of the national temperance council, in making public communications received from both candidates in reply to queries.

Senator Harding, in a letter to Mr. Poling last month, said he voted for the 18th amendment and the Volstead Law and had declared for their enforcement, adding:

"This is a representative republican government ruled by the majority as expressed at the polls, or in the laws formulated by elected representatives, and it is not within the right of any of us to set aside the will of the people as so expressed, but I may say I am opposed to the re-establishment of the traffic in intoxicating liquor and will use whatever influence or power I possess to prevent such re-establishment."

Governor Cox, in a telegram just received by Mr. Poling said: "I recognize the 18th amendment as a definite part of the constitution and the laws enacted thereunder will be observed and enforced."

Will Preach at Blossom.
Rev. W. A. Bryan, a former pastor of the Baptist church at Meridian, will occupy the pulpit of the Baptist church at Blossom tomorrow, both at the morning and the evening service.

Slight Attack of Rheumatism

C. C. Dunn, chief clerk in the office of the superintendent of the Gulf Pipe Line Company was on the disabled list yesterday on account of an attack of rheumatism, but in the evening he was able to be out.

ROOSEVELT FINDS THE COUNTRY FAVORS LEAGUE

By The Associated Press.
LOUISVILLE, Ky., Oct. 1.—Franklin Roosevelt, speaking here tonight, predicted success for the democratic national ticket this fall because "all of the great moral impulses in the United States were overwhelmingly in favor of the league of nations."

The republican policy on the league is based on fear, he said, while democratic policy is based on faith "and history has shown that an appeal to the faith of the American people has never been in vain."

Polls taken in many localities and his own talks with clergymen of every faith in more than thirty states he has visited in this campaign shows, he said, that more than eighty per cent of the heads of churches were in favor of the United States joining the league. The same is true, he added, of the professors of the country.

COMMENT UPON THE NEW ROAD CONTRACT

**Former Commissioner Thinks The
Grades Should Be Built And
Left To Settle.**

J. A. Hanes, a well known farmer of the Emberson community, in speaking yesterday of the second awarding of the contract by the permanent roads board, leaving off the surfacing, said that he was opposed to it. If they can't go ahead, he said, they had better not do anything until they are ready to put down the gravel. If they just surfaced the roads and put up a big broad bed it would hold water and make more mudholes and put the roads in worse condition than if they were not touched at all.

L. L. Owen of the Ozark community said that he thought it would be a good idea to just grade the roads and let them settle before surfacing. Some times they settle so much that they need regrading up again. He didn't know whether under the contract the contractor would have to grade them up again after they settled, or whether it would be on additional expense. When the first graded roads were built in precinct one under the bond issues a lot of the grade was not built up high enough, and a lot of the culverts were not wide enough and high enough to let the water through. Some of them have washed away.

R. H. Frederick of Powderly, who was a county commissioner when the graded roads in precinct one were built, said that he didn't believe that the roads that were to be graded under the contract should be surfaced now. They ought to be left to stand through the winter and spring in order to settle. When the first roads were built in precinct one while it was dry and the roads were rolled and sprinkled a little he noticed that when the rain came and they got thoroughly soaked the part that was put up dry didn't stand like it did where it was settled down, but gave away.

T. L. Randall of Broadway said that it was all right not to gravel the roads now. They ought to be graded in about five or six months from the time that they are graded. Let the people travel the grade and pack it until next spring. There will be a few places where it will have to be righted up.

The concrete slabs on the lateral roads, he said, ought to be put in as soon as the work can be done. There are concrete slabs on the Hank Stewart road in Shiner bottom on the Delta county side that were put in three years ago and are standing just as they were put in. There have been overflows one after another, and they are in as good shape as ever. What is needed, he said, is for the roads to be graded and the culverts and bridges to be put in. The mass of the people want the bottoms to be fixed up.

J. L. Hill, who lives two miles north of Globe, said that we needed the roads this winter and that they ought to go ahead and do whatever they intended to do to them and not wait.

THE PRICE OF DIAMONDS WILL NOT BE LOWERED

(From The Boston Globe.)

There will be no drop in the price of diamonds, no matter what happens in other lines of merchandise, according to a statement by the head of the great diamond syndicate of London, which controls about 90 per cent of the diamond output of the world.

The Jewelers' Circular recently requested L. Breitmeyer, the head of the Diamond Syndicate, to make a statement of the syndicate's policy for the future, for the benefit of the American diamond buyer. The following cable was received yesterday: "In reply to your letter of the 23d of August Diamond Syndicate's policy has always been to maintain prices and there is no intention to depart therefrom. You may make use of this information as you think best, L. Breitmeyer."

It has not been the habit of the Diamond Syndicate to make any public statements as to what it intended to do or as to its policy in general. That it deviated from this practice in making a statement to the American public was due to the importance of the American market and the usual conditions that surround nearly all lines of merchandise, except diamonds.

Constipation.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

TO REDUCE FURNITURE WOULD LOWER WAGES

By The Associated Press

GRAND RAPIDS, Mich., Sept. 30.—There can be no immediate reductions in the price of furniture without seriously affecting the wages of the workers, according to John L. Young, of Cleveland, Ohio, president of the Retail Furniture Dealers' Association of the United States here today. Reports circulated recently that

furniture is due for an immediate decline in price led the association to instruct Mr. Young and the executive committee to come to Grand Rapids and investigate the situation. "However," said Mr. Young, "we deem it desirable and for the best interests of the American home that concerted effort be exercised by the manufacturers to reduce the manufacturing costs, other than labor, and to reflect these reductions in the finished product as soon as possible."

DAISY BREAD IS GOOD BREAD. Ask for and insist on having DAISY BREAD. It is made right, is sanitary, and above all is good to the last mouthful. Buy Daisy Bread from your grocer or from the Lamar Avenue Bakery.

Does your stomach feel bloated after eating? Do you have sour risings, heartburn, spells of dizziness, and constipated bowels? If so, Prickly Ash Bitters is the medicine for you. It is exactly suited for such disorders. Price \$1.50 per bottle. R. J. Murphy.

TRY THE SAVOY CAFE. Located at 37 Bonham street. Is one of the neatest, cleanest little eat shops in the city. Everything new, neat and clean, with a first class chef in charge. Quick lunches, cooked right and served right; also delicious hot waffles. Remember the name, the Savoy, and the place, 37 Bonham street, and give us a call.

Bad breath is a symptom of a disordered stomach, and weak digestion. The remedy for it is Prickly Ash Bitters. It purges the stomach and bowels of fermented food and impurities, sweetens the breath, clears the complexion and makes you feel fine. Price \$1.50 per bottle. R. J. Murphy.

GERMANY REVIVES HER GREAT COMMERCIAL BODY

BERLIN, Sept. 30.—Activities have been resumed after a lapse of five years by the German-American commercial and economic league, which was organized by the late Albert Bale. A general meeting, which was attended by government officials and representatives of exporting and importing interests, was held today.

Wilhelm Cuno, general manager of the Hamburg-American Line, and William Forthmann, director of the great potash syndicate, were elected residing officers of the league.

LAMAR BOYS GO TO THE STATE FAIR

**Have Been Successful As Members
Have Been Successful As Members
Of The Chamber Of Com-**

W. G. Shipp, county agent, will go to the Dallas fair in charge of six Lamar county boys who are to be guests of the State fair management. These boys belong to the clubs which have been organized by the Chamber of Commerce and they are among the prize winners at the Lamar county fair.

The boys are Cletis and Curtis Zumwalt of High, Houston McCarty of Brookston, Cecil Park of Pleasant Hill, Persson Howell of Reno, and Frank Kennedy of Chicota.

The two Zumwalt boys are being trained by Mr. Shipp in the judging of live stock and they are proving apt pupils. If they are so expert as to be named among the first half dozen they will be given by the State fair a trip to Atlanta to compete in the National live stock judging contest; and the boys who win there will be sent to London to compete in the international contests.

Naturally with these prospects the boys are using all their skill in acquiring knowledge. The effort will be next year to send a dozen boys to Dallas and it is possible that girls may be included if the county can be properly organized before that time.

ATHLETIC CLUB MEETING CALLED FOR MONDAY NIGHT

At a meeting held recently to organize an athletic club, 75 members were secured and will go on the roster as charter members. The entrance fees were placed at \$15.00 each, and the monthly dues were placed at \$1.00 per month, which amount will be expended for equipment and for the securing of a permanent home for the club and its members.

A meeting will be held Monday night to formally perfect organization, elect officers and transact such other business as may come before the meeting.

The meeting Monday night will be held in the business office of the Bennett Printing Co., and all young men desirous of joining or of information in regard to the club are invited to be present.

The age limit is placed at 18 years and upward, so as to include the elderly men who are expected to become members. It is the aim of the club to secure all the paraphernalia incidental to a first class athletic club, and to add to the equipment from time to time. This club will afford a nice clean place of amusement for the members, and the exercise will be of benefit to all.

Remember the meeting Monday night at 8 o'clock and if interested be there and help in the selection of officers.

Real Estate Transfers.

Annie E. Geron and husband to O. W. Ludwick, 9 acres, Hiram Williams and L. Davis Surveys, \$21,500.

Clean rags wanted at News office.

LIGHT DOCKET EXPECTED IN THE DISTRICT COURT

District Clerk Deweese stated yesterday that the docket of the 6th district court, which is to convene next Monday, will be a little lighter than common.

It is said that the grand jury will not have as much work to do as ordinarily, and not many bills are expected to be returned.

The chief interest will no doubt

Elastic Girdles, a complete line, from R. & G. Corset company, assuring that perfection of fit and maximum of comfort that is desired. Priced \$2.50 to \$6.50.

If You Don't Pay Your Bills

Promptly the man or the firm you owe can't pay; and in a short time it works back to the man or the firm owing you—and you won't be paid.

If you don't pay your bills

Your credit will be shaken; and in a short time it will work to the point where the credit of the entire community will be affected—and we shall be without credit.

If YOU don't pay your bills

Your individual credit will naturally suffer and in time of real need you will find that you are in sore straits and with no helping hand outstretched—and you will be discredited.

If you DON'T pay your bills

It will soon be noised about that you won't pay and you will find that it will prove hurtful to you in many ways, socially as well as commercially.

If you don't PAY your bills

It makes no difference how much property you may own or how good your credit has been; it will not long continue so; and you will be asked to pay when you place your order.

If you don't pay YOUR bills

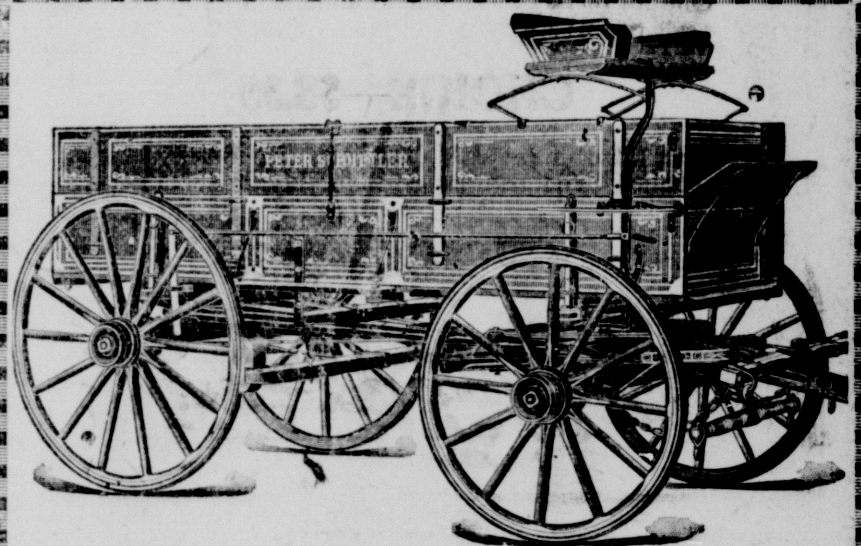

You cannot in reason expect that other people will or can pay theirs.

If you don't pay your BILLS

Someone must pay them for you; and then when you do pay cash you will be paying for the other fellow who is delinquent—and that isn't fair, is it?

PROMPT PAYMENT OF YOUR ACCOUNTS IS THE
METHOD OF CULTIVATION FOR A CREDIT THAT WILL
SERVE YOU IN TIME OF NEED.

ATLANTA AMATEUR TIES WITH ST. LOUIS PLAYERS

By The Associated Press

ATLANTA, Oct. 1.—By a fine spurt of golf on the last five holes, Bobby Jones, Atlanta amateur, shot himself into a tie with Jim Barnes, St. Louis professional, at the end of the second round of the Southern Open Golf Championship here today.

Each player had a total of 156 for the first two rounds. Harry Hampton of Richmond, was second with 157 while J. Douglas Edgar, of Atlanta, and Willie Kidd, of Minneapolis, were tied with 158 for third place. Thirteen players were bunched within seven strokes of the leader. Barnes started round with a lead of 3 strokes on Jones, who in turn was a stroke ahead of Hutchinson and Hampton. Edgar and Damon were six strokes behind Barnes while Diesel and Willie Kidd were seven strokes behind. The weather continued cold today but the wind was not high as on the first day.

Laurie Ayton, Chicago, with a 75, had the best card of the day.

The tournament will be closed tomorrow with 36 holes play. The winner will be determined by the lowest score for the total 72 holes, of which 18 were played on Thursday and 18 today.

PARIS HIGH SCHOOL WINS FIRST GAME OF SEASON

The first game of football of the season in Paris was played yesterday.

WE WANT IT.

We have a complete stock of Staple and Fancy Groceries and ask for a share of your patronage. Our endeavor is to always have not only what the other grocers sell but the quality as well. If you will phone us your orders we will see that they are well taken care of. Phone 951 or 522.

afternoon between the Paris High school and Cooper High school. The boys advertised the game by marching around the plaza at noon and making a noise.

They were rewarded by having a good crowd turn out to see the game. Their enthusiasm was also rewarded by winning the game, the score being 22 to 0.

The Paris boys showed good team work and speed, and are said to have proved themselves superior to Cooper. The first touchdown was made by Jones and the goal was kicked by Wortham. Other boys making touchdowns were McCullough, Berry and Kirkes.

The feature of the game was the hard hitting by McCullough, Antone and Berry also showed great form in tackling.

After supper the winners appeared in the streets and celebrated their victory.

GEO. P. BLACKBURN MADE A TEMPORARY ASSISTANT

Geo. P. Blackburn, who is the democratic nominee for district attorney to succeed A. L. Robbins, moved his office yesterday from Clarksville street to the courthouse and will share with Judge A. P. Dohoney of the 62nd district court the latter's office by invitation of Judge Dohoney.

As an act of courtesy and as a favor to Mr. Blackburn he was appointed by County Attorney R. E. Eubanks yesterday as an assistant county attorney. The appointment was made in order that Mr. Blackburn might attend the settings of the grand jury, which is to convene next week, and familiarize himself with the investigations that it will be called on to make.

The persons against whom indictments may be returned will not be tried at the term at which they are indicted but at the succeeding term, which will be after his election and the information which he acquires in the grand jury investigation will greatly facilitate his work at the trials.

Union Service Tomorrow Night.

All of the Protestant churches in the city will unite in the Gideon service at the First Baptist church Sunday night. The meeting will be particularly in behalf of the traveling men, the Gideons being a traveling men's organization.

ST. LOUIS BROWNS DEFEAT WHITE SOX

Loss Of Friday's Game Virtually Eliminates Chicago As A Pennant Contender.

AMERICAN LEAGUE

By The Associated Press

Browns Defeat Sox.

ST. LOUIS, Oct. 1.—St. Louis dimmed Chicago's pennant hopes today, defeating the White Sox 8 to 6 in the opening game of the series of three here that rounds out the American League race.

Loss of today's game while Cleveland was breaking even in a doubleheader with Detroit, placed Chicago two games to the rear of the leader and destroyed their last chance of capturing the championship unless through a play-off, as both clubs have but two contests to be played and the victories for the White Sox coupled with defeats for Cleveland would leave the leaders tied for first place.

Ineffective pitching and inability to hit in the pinches cost Chicago today's game which was the first in which Chicago has participated since seven of the club's members were suspended in connection with the world series gambling scandal. As a result, Manager Gleason presented a line up that was almost completely changed from that with which he went through the season.

Chicago 300 011 001—8 11 1
St. Louis 005 020 018—8 12 1

Faber, Hodge, Keifer and Schalk; Davis and Seaver.

Indians Break Even.

DETROIT, Oct. 1.—Cleveland, fighting for the American League pennant made certain of at least a tie for first place by dividing a doubleheader with Detroit, while Chicago was losing a single game to St. Louis today.

The visitors lost the first game 5 to 4 when in the tenth inning, Shortstop Sewell threw Flagstead's grounder in to the Cleveland dugout and Pinell followed with a clean single. The Indians' 10 to 3 victory in the second game was decisive. Six of Cleveland's 15 hits were extra base. The second game was called at the end of the eighth on account of darkness.

Cleveland and Chicago each have two games yet to play and should the Indians lose both while Chicago wins two, the tie would result.

Detroit's victory in the opener broke Walter Math's winning streak.

First game:

Cleveland 220 000 000 0—1 7 2
Detroit 000 000 040 1—5 11 0

Math, Tyle, Bakby and O'Neill; Ehmske and Manion.

Second game:

Cleveland 101 121 31—10 15 3
Detroit 020 010 00—3 10 4

Caldwell and O'Neill; Ayers, Baum.

PHILADELPHIA, Oct. 1.—Washington hit two Philadelphia recruit pitchers at will today, winning 13 to 0. Washington 021 331 021—13 19 0
Philadelphia 000 001 200—3 10 2

Zachary and Gharritty; Helmach, Shamer and J. Walker.

NATIONAL LEAGUE

Giants and Superbas Divide.

NEW YORK, Oct. 1.—New York and Brooklyn divided a doubleheader today.

First game:

Brooklyn 000 000 021—4 13 0
New York 100 011 000—3 10 2

Pfeffer, Mamaux and Krueger; Douglas and Smith.

Second game:

Brooklyn 030 000 000—3 5 2
New York 110 000 208—4 9 1

Smith, Cadore and Miller, Taylor; Toney, Barnes and Gaston.

Seventeen Innings At Chicago.

CHICAGO, Oct. 1.—With Alexander pitching steady ball, Chicago won a 17-inning game from St. Louis today 3 to 2.

St. Louis 100 000 010 000 000 00—2 16 1
Chicago 010 010 000 000 000 01—3 10 3

Haines and Dillhoefer; Alexander and O'Farrell.

Big Games Start Today.

CHICAGO, Oct. 1.—Seven of the ten football teams in the western conference tomorrow will start the championship season. The only contest, however, having any bearing on the "big ten" title will be that between Iowa and Indiana at Bloomington.

Both Iowa and Indiana are represented by veteran teams and each has been peacocked for tomorrow's contest, the result of which will eliminate the losing eleven from serious consideration in the championship drive.

Football Results Friday.

COLLEGE STATION, Texas, Oct. 1.—Texas A. and M. eleven defeated the Daniel Baker team 110 to 0 here today.

The visitors used third string men in the last stages of the game. At Lawrence, Kansas—Haskell Indians 14; Pittsburg Normal 14 (tie).

At Houston—Rice 21; Rice Freshmen 0.

STOLEN DIAMOND RING

RECOVERED BY OFFICERS

Miss Cleone Worthy, living with her father on North 20th street, missed a valuable diamond ring several days ago. She informed Benton Fisher, assistant county attorney, who lived next door to her of her loss yesterday morning.

Mr. Fisher being an opportunity to do a little detective work, learned from Miss Worthy that a fifteen-year-old negro girl had been employed as a servant in the home and he was satisfied that she knew something about the disappearance of the ring.

He called Deputy Sheriff O. V. McDonald to his aid and they didn't experience much difficulty in getting a confession from the girl, who showed them where she hid it.

The ring was recovered and the girl was arrested. She will be tried as a juvenile offender.

TEXAS COLLEGES MAKING FOOTBALL SELECTIONS

AUSTIN, Texas, Sept. 30.—University of Texas football fans already are looking forward to the time their all-star backfield, now in training, will go into action against Texas A and M. Thanksgiving Day. The same

interest is being manifested by adherents of other colleges of the state and with strong teams practically assured by men who have reported at the various schools for football practice, the season just opening promises some of the best gridiron battles ever witnessed in the state.

While there is a wealth of material of the heavy class for the Texas University line, of which Steve Gardner, an army football man, and "Big Swede" Swenson, 200-pound center of last years team, are the most prominent, the men who carry the ball for the Longhorns are attracting most attention.

"Rats" Watson, quarterback of the famous Second Texas Infantry team, is one of these, and George McCullough, an end, and a former teammate of Watson on the 36th Division, A. E. F., is another. Elam, all-Southern quarterback while playing with Texas A. and M., and Joe Ellis, another former A. and M. star, this year are eligible for the team. Polychin, a transfer from Virginia Polytechnic, who played with the Shorthorns last year, will be out for the varsity this season.

Seven letter men, including Captain Hart, are back in the practice and the freshmen have added their quota.

At Rice Institute, Houston, forty candidates reported for duty the first day and this number has been augmented daily by new arrivals. Coach Arbuckle, according to reports, expects to build his team around fifteen letter men, who returned to school this year. Captain Jim Dain, along with DePrato and Hair, are expected to fill the end positions, while for tackle, Jarvis, Williams and Carlton are available. Underwood and Duggan probably will find out the defensive positions.

At quarterback Coach Arbuckle may have Nash, while a wealth of material for other backfield positions is available, including Eddie Dyer, an all-State man, McGee, a youngster who made his team showing as a freshman, for the halfback positions, and Boetcher, Kennedy and Powell, all letter men, for fullback. The candidates include many new men who have made records with other teams.

Forty-two candidates reported for the initial workout of the Baylor Bears. They included "Red" Reid, "Cop" Weathers, "Stinie" Strickland, Ralph Wolfe, Pittman, Long, Tanner, Webber and Blalock all of them letter men, in addition to Captain "Nig" Dotson, Baylor's 200-pound backfield man and star passer. Other eligibles include Jack Harrison, "Fish" Cairnes, a letter man for the past two years, Francis Collins, a letter man of 1917 who returned from overseas service too late for the 1919 season, and McGuage, a transfer from North Carolina. Many new men are also counted upon by Coach Bridges to help him make Baylor a championship squad this year.

Candidates for the team at the Southern Methodist University at Dallas are practicing daily according to reports, and with approximately forty-five men trying for positions on the team, the school's prospects have brightened perceptibly within the past week. Coach Rix has for the backfield Jimmy Kitts all-Southern quarterback last year; Frank Betts, ineligible last year; Gus Whitman, a halfback from Kentucky Military Institute, and B. A. Watson and L. A. Odom. "Strokle" Bishop, last year's speedy end, Captain Brooks, Ben Hines, center for the last four years, and Paul Scott, last year's guard, all are back this year, and many new men with previous records are working.

The "killed in action" column of the London Times, a fixture of the World War days discontinued some time ago, has been resumed, owing to the heavy fighting in Arabia and Mesopotamia.

PERSONAL

John G. Wright and wife and little daughter of Rugby spent last night in Paris.

Mrs. C. Gamble of Garvin, Okla., was in Paris last night.

Hon. H. D. McDonald and Mrs. McDonald of Corpus Christi have arrived in Paris on a short visit to their old home.

Mr. and Mrs. C. H. Noyes have returned from Valliant, Ok., where they attended the wedding of their son, Josef F. Noyes.

Miss Myrtle Barnes returned Thursday night from spending the summer in Nebraska and California.

J. M. Clower, cashier of the bank at Klondike, was a business visitor to Paris yesterday.

Rev. C. L. Bounds and wife of Cooper spent yesterday with friends in Paris.

A. M. McCormick of the city waterworks department is taking a ten days vacation.

RASH ON HAND ITCHED TERRIBLY

Lost Rest. Could Not Wash Hands. Cuticura Heals.

"There was a peculiar rash on my hand that itched terribly until I scratched it. I had to stay home from work because my hand sort of cracked open and I could not hold a newspaper unless I wore gloves. I could not wash my hands, and did not sleep well at all.

"My doctor prescribed Cuticura Soap and Ointment so I got a free sample. I was healed in a short time after using two full-sized cakes of Cuticura Soap and one full-sized box of Cuticura Ointment." (Signed) Henry D. Sheiry, 3109 34th St., Cleveland Park, D. C., Aug. 16, 1919.

Make Cuticura Soap and Ointment your every-day toilet preparations. Contrast the purity, comfort and convenience of these super-creamy emollients with "beauty fads" so common, tiresome and expensive. A bath with Cuticura Soap and hot water thoroughly cleanses and stimulates sluggish pores, giving the complexion a fresh, healthy glow.

Cuticura Talcum soothes and cools the skin and overcomes heavy perspiration. Delicate, delightful, distinguishes Soap, Ointment and Talcum 25c. each everywhere. Cuticura Soap shaves without lard.

BIXBY'S JET-OIL

For Women's and Children's Black Shoes

Jet-Oil is a liquid wax and oil polish. It gives a new-shoe finish without rubbing—brushing gives a brilliant shine. Keeps the leather soft and pliable.

Quickly applied with the dauber attached to each stopper—without soiling the hands or clothing. Most Economical. Easiest to Use.

Sold by Grocers, Shoe Stores, Druggists, Notion Stores and Repair Shops

S. M. BIXBY & CO., Inc., New York

Also Manufacturers of Bixby's AA Brown, Shu Wite and Jet-Oil Paste Shoe Polishes

LAMAR COUNTY IS WASTING HERITAGE

Shipping Bulk Of The Cake And Meal To Other States And Counties.

Lamar county—along with most of other cotton counties of Texas, is each year selling a portion of its birthright—the meal and cake of the cottonseed.

The cottonseed, as it is well known, is in itself a most valuable fertilizer and many farmers plow them under for the value of that purpose. But it does no harm to extract the oil therefrom, leaving the meal as a feed, thereby making it even more valuable as a fertilizer, or as a fertilizer without being fed.

The cake, recognized over the world as being a cattle feed par excellence. The farmers of Lamar county can have this meal in the form of cakes at \$45 a ton sacked; for the same meal the dairy farmers of Europe must pay \$84 per ton, for they have the freight added; and when they add the difference in exchange it really amounts to \$125 per ton—and they take all they can afford to buy at that price.

Heretofore the cattle feeders of Montana and other Northwestern States have been taking the cake; but with the present price of cattle and that recent advance in freight rates which doesn't affect the consumer—so the railroads tell us—the price for the cake to the Montana feeder is so high that only a limited quantity of it may be taken.

The Paris mill is getting the same price from both the Swedish and the Montana and the Lamar county buyer, the remainder of it going to the railroad and steamship lines for freights and to the banks for making the exchange in money.

The Paris mill would greatly prefer, of course, to have the cake fed to cattle in Lamar county, the meal and manure to go into Lamar county land, for that would be to their advantage eventually in making better cotton and more of it on less land; hence the exchange basis which has been agreed upon—meal and hulls for seed.

In other words, the farmer who has the cattle may get a value for his seed which is denied that farmer who has only cotton and no other hope for redemption.

SOME EXCITEMENT CAUSED BY WOMAN AND PISTOL

There was a shooting on the streets at Cooper Thursday which occurred in the early part of the afternoon before the cornerstone laying at the Masonic building took place.

A young married woman and her husband from Charleston, in the east part of the county, who had separated and between whom divorce proceedings were pending happened to meet on the streets.

The woman, it was claimed, pulled a pistol at sight of him and opened fire, but she did not succeed in firing more than one shot before she was disarmed.

After the pistol was taken away from her, she followed him into a store in which he retreated and slapped him in the face. He did not try to resist the blows.

NUCES COUNTY FARMERS WOULD POOL THEIR COTTON

CORPUS CHRISTI, Texas, Oct. 1.—A movement is under way in Nueces county which seeks to bring into a pool practically all the cotton held by the farmers in the county, with a view to obtaining higher prices. At a meeting held recently at Robstown, agreement to enter the pool was obtained from owners of 10,000 bales of cotton. It was stated that in addition there were 15,000 bales being held in the county for a better market and an effort is being made to have the owners of this cotton join the pool.

A committee has undertaken the task of obtaining warehouse facilities in Galveston, Houston and other cities, and a general invitation has been issued to cotton growers of the South to enter the pool, suggested primarily to counteract what its members term "promoters" intended to deflate the price of cotton, especially the low grades.

In line with the pooling movement

the board of directors of the Rural Land Owners' Association, which operates in more than twenty Gulf Coast counties, decided to experiment next season with various kinds of long staple cotton with a view to standardization of the staple grown in this section. In the pre-war period, it was pointed out, there was little difference in the prices of low grade and average grade cotton, but since the war the price of low grade cotton has reached the point where the grower is not repaid the cost of production.

MEXICO NOW HAS SCHOOL TO TEACH AGRICULTURE

EL PASO, Texas, Oct. 1.—Visitors to Juarez recently have been mystified by three gigantic letters of white stone, set in the face of one of the foothills of the Juarez mountains. The letters are E. D. A.

Investigation disclosed that they were placed there by students of the Escobar Agricultural School at Juarez, who, imbued with the same spirit as that which actuates American students, decided to advertise their school. The letters stand for "Escuela De Agricultura," which translated into English means, "School of Agriculture."

The school is operated by the Escobar brothers, two of the most noted scientists of Mexico, and draws its students from all parts of the republic. Recently Romulo Escobar, one of the brothers, was elected alternate senator from the state of Chihuahua.

THIS HIGH SCHOOL TEAM HAS THE RIGHT SPIRIT

BRENNHAM, Texas.—The Brenham High School football team has for its motto "Go and get it," and when Coach D. X. Bible of Texas A. and M. College found recently that he could not come to Brenham to give the local team some instruction, the team went to the college after the instruction.

The high school squad is being coached by Charles A. DeWare, former star end on the A. and M. team. Mr. DeWare is paralyzed in his lower limbs but otherwise is vigorous and does his coaching from an automobile. For several years he has aided in whipping the Aggie's team into shape. This year Coach Bible agreed to reciprocate and give the Brenham eleven some coaching.

Coach Bible and his assistants put the high school squad through a strenuous morning of practice and in the afternoon game gave them some scrimmage practice against Varsity men.

EXCURSION STEAMERS TO TRANSPORT FRUIT

By The Associated Press. CHICAGO, Sept. 28.—To save \$500,000 worth of fruit and vegetables that lies rotting on the ground in Berrien county, Michigan, city officials today organized a fleet of seven excursion steamers to move the crop to Chicago for the cost of transportation.

ROOSTER MAY HAVE SAVED COX CAR FROM ACCIDENT

By The Associated Press. WICHITA, Kansas, Sept. 30.—A vagrant rooster and "Cox luck" tonight warned Governor Cox of Ohio, officials of the democratic presidential candidates' party declared, from danger of another railroad wreck.

Soon after the governor's arrival here a runaway rooster was found perched on the trucks under the candidate's private car, the "Federal." Capture of the rooster, railroad employees said, led to discovery that flanges of the car wheels were worn out and in imminent danger of breaking and ditching the car.

The rooster was secured and new wheels placed on the governor's car to make it, his travel director said "Coxsure for future travel."

ROOSEVELT'S WIDOW GETS INTO POLITICS

By The Associated Press. NEW YORK, Sept. 30.—Mrs. Edith Roosevelt, widow of former President Theodore Roosevelt, tonight appealed to the "manhood and womanhood of America" to elect Senator Senator Harding and Governor Coolidge.

In a statement dated at Sagamore Hill, Oyster Bay, and given out by the republican committee, Mrs. Roosevelt said:

"The country's vital need is the election of the republican candidates. Only will the full measure of Americanism in the next administration be attained, if the people shall declare for the party which holds true nationalism as its ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home."

"The time appeals most strongly to the manhood and the womanhood of America—to woman more than ever, because to her has come the perfected opportunity to make her opinion weighty in behalf of the nation."

"This year as never before with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then, by strong endeavor, do all that can be done for peace and the general welfare in all lands."

GOV. COOLIDGE PRESENTS INDUSTRIAL PEACE AS CURE

By The Associated Press. GREAT BARRINGTON, Mass. Sept. 30.—A plea for industrial peace and a cessation of the "interruption of production" was made by Governor Coolidge, in an address before the annual fair of the Housatonic Agricultural Society today. The achievement of these two ends, he said, was essential to national prosperity, and he expressed confidence "the good sense" of the American people would lead them to the solution of their industrial ills.

FORSEES WALKOUT OF THE OKLAHOMA MINES

By The Associated Press. MUSKOGEE, Okla., Sept. 30.—"The miners of Oklahoma and Arkansas are growing more restless each hour. I fear the situation is very grave. I would not be surprised to learn that the miners had walked out any time within two days."

This was the statement made today by J. N. Wilkinson, president of District 21, United Mine Workers of America, who sat in conference all day and until 8 o'clock tonight with the executive board of the organization. District No. 21 comprises Oklahoma, Arkansas and Texas.

FURTHER DECLINE SHOWN IN WHEAT

Big Receipts Force Corn Market Into A New Low Level For The Season.

New York Cotton.

By The Associated Press. NEW YORK, Oct. 1.—Early advances were followed by a sharp break in the cotton market today following reports that the British coal mine dispute had been settled and reports of easier spot markets. October was relatively weak, selling off from 24.15 to 23.00 and closing at 23.10 or 10 points net lower while the general list closed easy with the later months 5 to 22 points below last night's final quotations.

December contracts sold off from 22.55 to 21.85 and January from 22.07 to 21.45, on about 22 to 30 points net lower and the close was at the low point of the day on most positions. Exports today 39,668, making 454,312 so far this season. Port receipts 26,927. United States port stocks 820,875.

New Orleans Cotton.
NEW ORLEANS, Oct. 1.—Cotton was without any very decided trend today and the close was 25 points down to 4 points up compared with the final prices of yesterday.

Around the opening was steady enough and prices were advanced 22 to 38 points by the strength of Liverpool and fear of frost on the weather map.

In the late trading the market lost its good tone completely. The decline that resulted carried the price off to net losses of 1 to 35 points.

COTTON FUTURES.
New Orleans.
Oct. 1. High Low Close
October 22.50 22.50 21.80 21.80
December 21.50 21.50 21.02 21.02
January 20.25 20.25 20.00 20.00
March 19.50 19.50 19.17 19.17
New York.
October 24.15 24.15 23.00 23.10
December 22.55 22.55 21.85 21.85
January 22.00 22.00 21.45 21.45
March 21.65 21.65 21.10 21.10
Liverpool.
October 16.50 16.50 15.95 15.95
December 16.61 16.61 16.61 16.83
January 16.12 16.81 16.12 16.63
March 16.22 16.12 16.35 16.12

Liverpool Spot Cotton.
Good middling 22.00, yesterday 22.65; middling 19.17; yesterday 19.15. Sales, 3,000. Receipts 5,000; American 3,000.

Fort Worth Livestock.
FORT WORTH, Oct. 1.—Cattle 2.70; steady to lower. Horses 6.00@8.50; cows 2.00@7.00; heifers 4.00@5.50; bulls 4.00@5.50; calves 4.00@10.50.
Hogs 1.00; steady. Light 15.25@15.40; heavy 15.50@15.75; medium 14.50@15.00; mixed 14.00@14.50; common 12.00@14.00; pigs 10.00@12.50.
Sheep 6.00; unchanged.

Chicago Grain.
CHICAGO, Oct. 1.—Heavy selling by houses with northwestern connections did much today to bring about fresh declines in the wheat market here. Prices closed unsettled 3 1/2 to 6 1/2 net lower with December 2.11 1/2 to 2.11 1/2 and March 2.07. Oats finished 1 1/2 net decline to 3c advance and provisions at a setback of 5 to 25c. Big receipts forced the corn market to a new low level for the season, but prices

covering lifted prices again in the late dealings.

Oats strengthened on reports of crop damage in Argentina.

Commission house selling of ribs weakened the provisions market notwithstanding higher quotations on hogs.

New York Sugar.
NEW YORK, Oct. 1.—The local market for raw sugar was quieter today but the undertone was still unsettled and prices, if anything, easier.

The market for refined was unchanged at 13.00 to 14.00 for fine granulated with demand light.

There was an easier feeling in sugar futures and closing prices were 10 to 25 points net lower.

New York Coffee.
NEW YORK, Oct. 1.—The market for coffee futures was very quiet again today and prices moved within a range of 4 to 5 points.

Last prices were within a point or two of the best. The close was 3 to 4 points net lower. Closing bids: Oct. 7.25; Dec. 7.00; Jan. 7.50; March 8.19; May 8.33; July 8.57. The spot market was quiet at 7 1/2 to 8 for Rio 7's and 12 1/2 to 13 1/2 for Santos 4's. Brazilian port receipts 61,000; Jundiahy receipts 26,000.

Cottonseed Oil.
NEW YORK, Oct. 1.—Following a rather indifferent start cottonseed oil worked easier on a little buying for western account and from covering on the rally in lard. Closing bids were 17 to 35 points net higher. Sales 2,500 barrels; tenders 100 prime crude 35c sales; prime summer yellow 13.00@13.50; Oct. 13.12; Dec. 12.90; March 13.00 all bid; prime winter yellow and summer white nominal.

New Orleans Rice.
NEW ORLEANS, Oct. 1.—Rough rice steady. Receipts 7,943 sacks; millers receipts 1,417. Clean rice steady, sales Honduras 5,951 pockets 39 3/8; Blue Rose 500 pockets 4 1/2; Carolina 500 pockets 7 1/2; receipts 2,500.

PRINT CLOTH SALES DROP THREE-FOURTHS IN WEEK

NEW YORK, Oct. 1.—The decline in the cotton market continued during the earlier part of the week but after selling at 21.25 for December contracts, or about 15c per pound below the higher level of last April, offerings showed a tendency to taper off. Southern hedge selling was active on the declines and further severe breaks occurred in the southern spot markets officially reported. Offerings from this source as well as speculative pressure diminished later in the week when there was evidently a disposition to take profits on short contracts or even up commitments for over the government crop report on Monday.

Otherwise local brokers reported very little demand, however, and prices of about 15c to 18c points from the lowest were not fully maintained owing to reports of continued depression in the goods trade and apprehensions of increased southern offerings on further advances.

The rally from the low point of the early week caused by heavy rains in eastern sections of the belt and the appearance of the first cold snap of the season along the northern edge of the cotton country. Reports of a somewhat better tone in the Manchester market also were a factor combined with the subsiding activity of hedge selling and rather low private condition reports than expected.

Little or no improvement has been reported in the domestic goods market, however, and early week buyers placing sales of print cloths in Fall cover for the week at only 39,000 pieces compared with 12,000 for the previous period. Conflicting reports regarding the British coal mining situation also had an unsettling effect toward the end of the week. Dispatches received today said that organized curtailment was likely to be adopted by the British miners. Private conditions reports have ranged from 56.7 to 59.7. Crop indications have pointed to a yield of between 11,610,000 and 13,229,000 bales, averaging 12,844,000.

THE SWEET POTATO CURING PLANT

built by

THE ANDERSON COMPANY

Will be ready to take care of this season's crop. The plant is located on the railroad track near the Texas Midland depot. It has a capacity of 25,000 bushels.

When To Dig.
This year's crop is rather late and will not be fully matured until about Oct. 15th.

How To Sell When Matured.
Break or cut one of the potatoes and leave it exposed to the air for a few minutes. If the potato is matured, the cut or broken surface will dry.

Suitable Potatoes For Curing.
Potatoes ranging from one and one-half inches to three and one-half inches in diameter are the only ones that can be successfully cured.

How To Handle.
Potatoes should be sorted in the field, and only those ranging from one and one-half to three and one-half inches in diameter should be offered for sale. They should not be allowed to be bruised or skinned. This will cause them to rot. They should be placed in boxes or baskets in the field then hauled to the plant in spring wagon or one bedded good with straw or hay to prevent bruising.

We invite you to visit and inspect our plant.
THE ANDERSON COMPANY,
Paris, Texas.

NO COTTON PESTS WHERE BLACKBIRDS STAY ON FARM

Special to The Dallas News.
Sherman, Texas, Sept. 30.—Several Grayson county farmers on whose farms droves of black birds have spent the entire season since cotton planting time, state that their cotton is free of bollworms and weevils and is turning out well.

On one farm two miles southeast of Sherman, where black birds have stayed, three-quarters of a bale is being gathered, while worms and weevils have damaged near-by fields.

MEDICATED SMOKE DRIVES OUT CATARRH

Pleasant and Easy to Use.

Dr. Blosser, the originator of a certain combination of medicinal herbs, flowers and berries to be smoked in a pipe or ready prepared cigarette which is meeting with unusual success in catarrhal troubles.

The smoke vapor reaches all the air passages of the head, nose and throat. As the smoke is carried into these passages with the air you breathe, so the antiseptic healing vapor of this remedy is carried with the breath directly to the affected parts.

This simple, practical method applies the medicine where it sprays, reaches, soothes, etc., cannot possibly go. Its effect is soothing and healing, and is entirely harmless, containing no cubebs, tobacco or habit-forming drugs. It is pleasant to use, and not sickening to those who have never smoked. If you suffer from catarrh, asthma, catarrhal cough, or subject to colds, you should try this remedy without delay.

Any well-stocked drug store can supply Dr. Blosser's Remedy in cigarettes or powder for smoking in a pipe, or will order it for you. Satisfactory results guaranteed by a genuine money-back offer.

A trial package will be mailed postpaid to any sufferer for ten cents (coin or stamps) by the Blosser Co., DR 29, Atlanta, Ga., to prove its delightful and remarkable effectiveness.—(Adv.)

LITTLE ROCK WOMAN GAINED 22 POUNDS

Mrs. Dickinson Had Suffered So Much and So Long She Felt Like Giving Up In Despair.

"Although it has been four years since Tanlac restored my health and built me up so wonderfully, I am still feeling fine," said Mrs. Daisy W. Dickinson, of 112 1-2 Center street, Little Rock, Ark.

"At the time I began taking Tanlac I had been suffering for a long while from a bad case of stomach trouble. I had no appetite at all and could not eat anything but what made me feel sick at the stomach. In fact the very sight of food nauseated me and at times I suffered from the gas on my stomach until I became so weak I could hardly stand up."

"I fell off in weight from one hundred and fifty pounds to one hundred and eighteen and my nerves were badly shattered. My nights were all restless and miserable and I always got up in the mornings feeling as bad as on retiring at night."

"My first bottle of Tanlac made such a wonderful improvement in my feelings that I wanted more. My appetite soon came back, the gas stopped forming on my stomach and I began to eat heartily and feel less nervous. In a few weeks my troubles all disappeared and I found that I had also gained twenty-two pounds in weight."

"Every spring and fall I take a few bottles of Tanlac and it keeps me feeling as strong and well as anyone could wish to feel. I can testify to both the immediate and lasting results one gets from Tanlac. It has certainly been a blessing to me for the past four years and I am more than glad to give this statement to be used in letting others know about it."

Tanlac is sold in Paris by Mayes Drug Store, in Blossom by J. D. Dick-ey & Son, in Roston by City Drug Store, in Howland by K. B. Burgess.

DALLAS MERCHANTS WANT
MEXICO GOVT. RECOGNIZED

By The Associated Press

DALLAS, Oct. 1.—The Dallas Chamber of Commerce today adopted resolutions requesting recognition by the United States of the present government of Mexico. The resolutions, a copy of which were sent to President Wilson and the Mexican government heads, declare that present heads of the southern republic have shown their ability to secure the co-operation of the Mexican people and maintain law and order.

NINE THOUSAND RATS
CAUGHT IN PORT ARTHUR

PORT ARTHUR, Oct. 1.—Trappers employed by the United States public health service have caught to date nine thousand rats. Laboratory tests showed no presence of bubonic plague infection in any of the rodents, according to a service statement made public today. The rats cost the government 38c each for trapping, not including expenses of laboratory work.

fell through skylight and broke collar bone

C. A. Bernard, a tinner of Deport, met with a severe accident at that place the middle of the week while he was at work on the new First State Bank building.

He was engaged in putting on the roofing and fell at once he was attacked with a spell of dizziness and fell. In falling he crashed through the skylight, falling nearly twenty feet.

The force of the fall was broken by coming in contact with a ladder. He had no recollection of having fallen, and the last he could remember he was at work on the building.

The fall resulted in his receiving a broken collar bone and some bruises. The injuries were not serious.

COX HECKLED BY PERSONS
OF GERMAN DESCENT

SIoux FALLS, S. D., Sept. 30.—A statement regarding the Volstead prohibition enforcement law—that he would oppose "any measure that is in conflict with the constitution and the eighteenth amendment as interpreted by the supreme court" and bombardments of questions regarding the league of nations from persons of German blood marked a lively tour of South Dakota today by Governor Cox. The democratic presidential candidate also launched new criticism of Senator Harding, assailing bitterly the senators Baltimore speech of yesterday and again dubbing him "brewer."

Governor Cox's statement upon the Volstead Act was in response to a

question from a man at Mitchell late today.

"My attitude toward the question," Governor Cox replied, "I shall oppose any measure that is in conflict with the constitution of the United States and the eighteenth amendment, as interpreted by the supreme court."

Big Exposition At El Paso.

EL PASO, TEXAS, Sept. 30.—New Mexico and Arizona have been invited to enter floats typical of the two states in the parade which will open the International Exposition in El Paso, October 1. Gov. O. A. Larrazola of New Mexico has notified officials of the exposition that he will be present on New Mexico Day unless prevented by unavoidable circumstances.

GROWTH SHOWN IN MANY CITIES

Texas Has Three Which Go Into The Hundred Thousand Class.

WASHINGTON, Sept. 28.—Remarkable growth in population has been shown by a number of Southern cities in the last two years, preliminary statistics of the Bureau of the Census show. Announcements of 1920 populations have added four cities to those of the 100,000-class in the South making a total of ten, while seven cities have advanced into the class with 25,000 or more population, making a total of 35 in that class. In all, the South has 45 cities with 25,000 or more population.

The cities which advanced into the 100,000-class are San Antonio, Dallas, Houston and New Orleans. Of all the cities in this class Houston showed the largest rate of growth, 75.2 per cent. Dallas was second with 72.9 per cent; Norfolk third with 71.3 per cent, and San Antonio fourth with 67.6 per cent. Nashville showed the smallest rate of growth, 7.2 per cent. In point of numbers Dallas had the largest growth, the increase in the ten years having been 64,872. San Antonio was second with 64,763, Houston third with 59,276 and Norfolk fourth with 48,325. New Orleans, the South's largest city, showed a numerical increase of 48,144 which was fifth largest and a rate of growth of 14.2 per cent.

Of the cities of the 25,000 to 100,000-class Miami, Fla., showed the highest rate of growth, its percentage having been 149.1, while Wichita Falls, Texas, ranks second with 88.8 per cent and Tulsa, Okla., third with 29.6 per cent. Tulsa advanced from 54th city of the South to 17th, Wichita Falls from 111th to 32nd, and Miami from 175th to 43rd. Other cities of this class which have more than doubled their population in the ten years are Knoxville with 114.1 per cent and Winston-Salem with 113.2 per cent.

It is not impossible to give the 1920 rank of all Southern cities of 10,000 or more population as the population of several has not been announced. The following list shows the 1920 rank of cities of 25,000 or more which is likely to be changed by the population of cities yet to be announced. The remainder of the list shows the relative position of the cities having less than 25,000 population. Their census 1910 rank will show how they have grown in the ten years in comparison with other cities.

The list follows:

Rank	City	1910	1920
1	New Orleans	1st	387,219
2	Atlanta	2nd	200,616
3	Birmingham	3rd	178,270
4	Richmond	5th	171,667
5	Memphis	4th	162,351
6	San Antonio	7th	161,308
7	Dallas	8th	158,976
8	Houston	9th	158,076
9	Nashville	6th	118,342
10	Norfolk	11th	115,177
11	Fort Worth	10th	106,482
12	Jacksonville	15th	91,558

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have found it in my family, and never have found its equal for torpid liver or disarranged stomach, especially with children. I can recommend Black-Draught, and gladly go so."

Every member of the family occasionally needs the assistance that Black-Draught can give, in helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver.

If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NC-137

GUY E. LONG'S COMEDIANS ARE TO PLAY IN PARIS

The Guy E. Long Comedians said to be the biggest and best equipped tent show on the road, will open a week's engagement here next Monday night, it was announced today by Leon Spahr advance business manager, who says that the company consists of thirty live dramatic and musical artists carrying an augmented band and orchestra with two cars of special scenery and electrical effects for each play, which are beautifully staged and unique. Mr. Spahr, who has been here for several days perfecting arrangements for the opening of the show next Monday night on the Dr. Roberts lot on South Main street says the show comes here from Texarkana where they are playing nightly to crowded houses with all new plays of the better class. The opening play for Monday night is among the best carried by the company, "A Small Town Girl," a beautiful four-act comedy drama that is new to the show-going public of the city, and is a play that you can't afford to miss if you don't get to see another this season. AGGIES PREPARING FOR GREAT FOOTBALL SEASON

By The Associated Press.
COLLEGE STATION, Texas, Sept. 29.—With all the major games on the Texas A. and M. football schedule still several weeks ahead, Coach Bible and his two assistants, Reicheg and Anderson, are well pleased with the showing made by the squad at this time of year and are working hard to make the eleven the strongest in the state.

The first game of importance will be played at Dallas October 9, when the Aggies face the Southern Methodist University eleven, a team always considered dangerous early in the season, due to the ability of Coach Rix to get his men in condition rapidly.

The Aggies' hardest game is expected to be that with the University of Texas on Thanksgiving Day at Austin. Only three freshmen are missing this year from the team of last year. They are Wilson, Alexander, and Davis. Of the letter men available six are line men—Drake and Caruthers, piecers; Murrah and Spender, guards; Pickett, center; and Gouger, end. Of the backfield letter men, Coach Bible has Mahan, fullback; Knickerbocker, quarterback; Weir, Martin and Morris, halfbacks. O. Frazier, who was unable to play most of last season on account of injuries, is back this year and in good condition. He is considered a valuable backfield man. In addition there is much new material which promises to give the old letter men strong fights for their positions.

Dissolution of Law Firm.
The law partnership heretofore existing between E. B. Sturgeon, Geo. P. Blackburn and John F. Sturgeon ceased to exist October 1st. The Messrs. Sturgeon will retain the offices at No. 12 Clarksville street. Mr. Blackburn has removed his office to the Lamar County Courthouse, where he will occupy offices with Judge Dohoney on the second floor.

EXPERT SAYS STOCK OF SUGAR NOW ENORMOUS

By The Associated Press.
BOSTON, Sept. 30.—The drop in sugar prices has caused a shrinkage in value of at least \$250,000,000, according to an estimate made to the attorney general by Edwin F. Atkins, head of a local sugar firm, and an official of several of the largest companies in this country and Cuba.

Stocks of sugar in this country now are enormous he said. He estimated them at two million tons.

The attorney general, who is making an inquiry into the situation said that he believed when the drop in price came the American Sugar Refining company should have absorbed some of the loss as a means of helping small dealers who had stocked up at the higher prices. The attorney general said he had knowledge that the company immediately before the decline from high prices forced customers to do business on written contracts stipulating prices. Mr. Atkins said absorption of part of dealers' losses by the American company might have forced it into bankruptcy.

Own Your Own Home

LIKE PAYING RENT

3 PER CENT INTEREST

HOME OWNERSHIP is the greatest object in life. Every normal man desires to OWN A HOME OF HIS OWN. Our plan furnishes a method by which the man or woman of very modest means may do so without the prohibitive high payments and excessive rate of interest.

By a simple plan of systematic saving for a few months: just \$10.00 out of your salary on each \$1,000 contract—you may OWN THIS HOME free from debt in just 100 months—and your monthly payments, including interest, will be LESS THAN RENT.

But you don't have to wait 100 months to occupy the home. Our estimated average time is 15 months, which is based upon actual experience is a conservative estimate of the general average. So far our contracts have actually beat this average. Under our plan contracts will mature for a loan in a SHORTER AVERAGE TIME THAN ANY COMPANY IN EXISTENCE.

INTEREST ONLY 3 PER CENT PER ANNUM. can never be more than \$12.13 per month per thousand and will grow less each year; \$10 of this applies on principal.

You may use the loan to buy, build, improve a home or real estate or pay off a mortgage on which you are paying a higher rate of interest. You don't have to own a lot, or other real estate, in order to borrow from the United Home Builders of America.

Adopt Our Plan of Thrift—Don't Pay Rent All Your Life—Own Your Own Home and Become Your Own Landlord

\$150 Profit Guaranteed on Matured Loans

In the event you do not desire a loan when your contract has matured, we guarantee to pay the holder a BONUS OR PROFIT of \$150, in addition to return of all payments made. An average

Net Profit of 100 Per Cent or Better

This attractive profit is possible from the sale of matured loans, for which there is and will always be eager buyers.

The best and safest guaranteed investment ever offered, whether you live in the city or in the country, in Paris or elsewhere. Whether you wish to buy or build a home or reap the best possible returns from your investment, you owe it to yourself to investigate our plan.

Suspended Payments, before and after Loans, on account of Sickness, Loss of Job, or other serious misfortune.

Cash and Security Equal to Reserve on all Contracts Issued are Deposited With the State of Texas

The Girls' Lightbearers Band of the Central Presbyterian Church will meet this afternoon at half past two, at the home of La Vada Denton, 237 South Jefferson street.

GOOD PIECE OF ROAD WORK BELOW DEPORT

John G. Wright of Rugby, who spent last night in Paris, stated that all of the bridges on the Choctaw Trail between Deport and Bogata, and between Bogata and Sulphur Springs had been completed, and that the grades were all up. He said that they had been built in first-class shape, being constructed of reinforced concrete abutments and steel span stringers sixteen feet wide in the clear, and with three-inch oak floors.

J. NICHOLS NOW WELL; THANKS TO MERRITONE

J. Nichols, 124 English St., Port Arthur, Texas is speaking of the merits of Merritone says: "I suffered untold misery from stomach trouble until I became practically a physical wreck even though I received medical treatment during the time. As a final move, and not without misgivings as to the ultimate results, I secured a bottle of Merritone and, as if by magic, great relief was experienced with the first few doses. I continued the treatment and am now a well man enjoying the benevolence of good health." Continuing his praise of Merritone Mr. Nichols says: "Merritone is the best medicine I ever used and I recommend it to anyone suffering from stomach trouble."

This is only one out of hundreds of similar cases where people have expressed voluntarily their gratitude for the relief derived from Merritone. If you are a sufferer from stomach trouble get a bottle of Merritone and use according to directions. It will give you the same relief it did Mr.

Nichols if you gladly refund your money. Sold by all druggists.

To Test Long Staple.
Edinburg, Texas, Sept. 23.—Farmers of this vicinity plan to make extensive tests next season to determine what type of long staple cotton is best suited to the soil and climate. Isolated patches of practically every variety are to be planted and that which makes the best crop will be adopted as a standard. By standardization, it is said, farmers then obtain a far higher price than otherwise would be paid by buyers.

Charles Henry Goodson, veteran of Balaklava, the siege of Lucknow and four years in General Robert E. Lee's command, formerly wealthy, has applied for permission to sell papers on the streets of Chicago. Goodson, as a British surgeon in Crimea, had as one of his nurses Florence Nightingale. He is 95 years old.

French creators of feminine gowns and hats have appealed for a law to prohibit the indiscriminate photographing of their models at the race tracks. They claim that American and other clothing designers are stealing fashion polts from the pictures.

Visitors to Zion City, Illinois, are greeted by huge signs warning them of the dangers of tobacco. One sign is very blunt. It says: "The use of tobacco in any form is a dirty, filthy, disgusting, degrading habit."

The Swiss Railway Clerks' Union has adopted a resolution in favor of preventing the shipment of war materials through Switzerland.

COTTONSEED HAS A VERY GREAT VALUE

As A Fertilizer And The Farmers
Should Make Good Use Of
It In That Way

By The Associated Press.
COLLEGE STATION, Texas, Oct. 1.—Dr. G. S. Fraps, State Chemist, and Chief of the department of chemistry in the Texas Agricultural Experiment Station at A. & M. College, is receiving numerous inquiries from those interested in cotton seed values. The unusual spread between current prices offered for cotton seed and the price prevailing last season has raised a number of questions as to some better disposition of the seed than selling at current prices. The range of questions covers feed values of cotton seed vs. other feeds at current prices, fertilizer value and exchange values.

Replying to the questioners, Dr. Fraps has issued the following observations touching these several values from which the owner of cotton seed may readily calculate the best available disposition of his seed, considering the trade opportunities at hand:

Value of Cottonseed.

"Cottonseed varies in composition, but it contains in one of two thousand pounds approximately 28 pounds of phosphoric acid valued at \$2.10, 64 pounds of nitrogen valued at \$19.20, and 32 pounds of potash valued at \$6.19 making a total valuation of \$27.50. A ton of cottonseed meal should have a fertilizer valuation of \$51.65, if it contains 43 percent protein. In a mixed fertilizer, the plant food costs considerably more than this.

"If the cottonseed sells at \$28.70, a ton of cottonseed meal should sell for \$51.65 for fertilizer purposes. Cottonseed meal should have really a higher selling price than its fertilizer valuation, as it has a feed value in addition to its fertilizing value. The meal would be more easily applied to the ground, and is certainly more easily stored, and less liable to damage.

Meal As Fertilizer.

With cottonseed at \$29 a ton, cottonseed meal should sell for \$36.00 a ton in order to secure the same fertilizing value. If 1000 pounds of cottonseed meal, and 600 pounds of cottonseed hulls are exchanged for a ton of seed, the exchange is approximately even in fertilizing value, but the person exchanges loses the cost of hauling the seed to the mill and

hauling the materials back. "Texas Cottonseed contains approximately 13.3 pounds digestible protein, with a productive value of 17.9. 43 percent cottonseed meal contains approximately 33 percent digestible protein and 18.5 pounds productive value in 100 pounds. Cottonseed does have nearly the same feeding value as cottonseed meal, for fattening purposes, but for balancing a ration it contains much less protein, and has a lower value. On account of the high oil content, it is not possible to use more than 3 to 5 pounds of cottonseed per day, or the digestion of the animal will be injured.

GAMBLING HOUSE RAID AT KEMP STARTS TROUBLE

By The Associated Press.
WICHITA FALLS, Oct. 1.—A score of deputies and policemen were speeding early this morning to Kemp City, an oil camp near here, to quell any disturbance following a raid early last night on a gambling house in which one officer, W. W. Belcher, was slain and another wounded. Excitement was said to be running high. The slayer has been captured.
